4. Student Evaluation Deadline Change

Betsy Julian explained that the deadline for student evals needed changed due to Spring term starting late. Evals are usually due by last day of class, since there was no "finals week" this term, they are done early.

Faculty Senate will revisit student evaluation process during 2020-2021 in order to see if the questions are still relevant, changes needed due to remote instruction.

5. Results of Faculty Remote Instruction Survey (Sean Rule)

Discuss results and how they should be disseminated. What action items are needed?

Sean Rule summarized his report on the faculty survey results. Sean can reformat the document to be easier displayed/to read. E-learning received constant praise, Blackboard not so much.

Should just summaries be shared or all answers? Would be best not to post individual comments to avoid being identified.

Sarah and Sean read through each question summary, noting highlights.

Betsy gave update on LMS Review process. We're not at the step to choose if we're switching to a new LMS system.

Senate will review summary of the survey results in order to post to intranet.
